

Pug As Icon For Play

Pug understood "play" to be as important a tool for life as food and water.

This "Pug-ism" is brought to you by:

Our vision at Pug At The Beach is to teach people in an innovative way common lessons of empathy, compassion, trust, and play which helps people to see a vision of personal growth for their lives ~ one that allows for expanding boundaries through comfortable change. We do this through a small dog named Pug who is a dog with a dorsal fin for an ear and a really nice collection of surfing shorts.
